- Genuine Shur-Co.® Tarps Custom Fit to Your Specifications
- Easy Operation and Upgrades

AMERICA'S FIRST NAME IN LIFTGATES

HUNTER DIGITAL LASER ALIGNMENT SYSTEM at our Spencer, Iowa Location

HUNTER Engineering Company

Between 70 and 80 percent of heavy duty vehicles on the road today are misaligned!

Experts recommend a minimum of 2 to 3 alignments per year or every 50,000 to 60,000 miles!

Problems created by misalignment:

- Excessive tire wear
- Unsafe vehicle handling characteristics
- Driver fatigue and driver retention
- Increased fuel consumption caused by increased rolling resistance
- Premature suspension component wear

PAINTING & SANDBLASTING & FIBERGLASS REPAIR

We have an 18' X 54' Paint Booth where we will make your truck or trailer look like new. NO JOB IS TOO BIG OR TOO SMALL. Let us help you today!
